12925 116<sup>th</sup> Ave  
Surrey BC  
V3R 2S5  
604-580-2611

To Whom It May Concern:

Commander Warehouse Equipment Ltd. is please to submit this letter as testament to the service and reliability that Westminster Lift Truck & Service has provided to us for over 15 years. Kim, Ron and the staff employed at Westminster Lift Truck & Service are simply one of the best contractors that we work with. Their approach to each situation and professionalism shown is the reason we never hesitate to consider them when a forklift need arises form purchase to service.

Over the past years we have purchased 8-10 forklifts from Westminster Lift Truck & Service. Their Sales Manager, Nancy is a true professional in her trade and has always assessed each sale to ensure we get the exact machine required to do the right job.

Karen in service is consistently on track and a pleasure to work with every time. No matter whether it is a preventative maintenance or a repair, the right technician is dispatched for the appropriate piece of equipment.

The mechanics are friendly, on time and professional in the way they enter our facility, interact with the staff and leave the workplace safe and clean.

For anybody looking for a full service Lift Truck company to service their facility from sales all the way to after sales service feel confident that Westminster Lift Truck & Service will do the job.

Yours truly,

Andrew Dallas
