RTA Storage & Furniture

*We're a large furniture manufacturer and distributor who have relied on Westminster Lift Truck & Services Ltd to support our entire forklift needs for the last 12 years. In our busy two shifts per day operation, down time with any one of our many late model rental forklifts would be a major issue. Westminster Lift Truck & Services Ltd has always ensured that the equipment is regularly serviced in a timely manner and has promptly taken care of any unforeseen issues – we are very happy with the long relationship we've had with them.*
